Important Year End Updates

We know the end of the year is already a hectic time between holidays, commitments with family and friends, and year end business goals. It's also the time of year when important tax and legislative updates for the next year are announced. It can be hard to keep up with all the changes that may impact your staffing company: from minimum wage increases to state and federal tax changes, to unemployment wage bases, and more.

We've assembled a list of changes, charts, and resources that may impact your staffing company in the new year, as well as tax tools that can help you plan and prepare. We'll keep making updates as we receive them, but in the meantime, we invite you to review the host of changes coming up in 2025.

Did You Know? TRICOM Donates 500 First Aid Packs to Children's Wisconsin

At this year's TRICOM Client Conference, conference attendees continued the focus on giving back to the community by building 500 First Aid Packs for Children's Wisconsin. These packs are distributed throughout the Milwaukee Public School District and are used in classrooms for minor first aid needs. This helps reduce distractions in the classroom and affords children the care they need while allowing them to quickly refocus on learning.

This effort was part of TRICOM's larger focus on community service through our TRICare program. Every month, our TRICare committee meets to discuss and implement initiatives within our community to help those in need. Other initiatives have included a school supply drive, book and movie donations for the Literacy Services of Wisconsin, "adopting" two families for the holidays, decorating our holiday tree with cold weather accessories to be donated to those in need, and more! Watch for more information on our latest endeavors!

Events:
